

## Review of an Education Health and Care Plan Young Person's Views

The annual review meeting is where you talk about your successes and how well you are doing.

It is also a place where you can tell us what makes things hard for you.

Outcomes in your Education, Health and Care Plan (EHCP) should be important goals for you to aim at. Have a look at them or ask your parent or a staff member to explain what they mean. Are these important to you?

This form is to help you to think about this before the review meeting.

You can attach a photo or a piece of work you are proud of, if you wish.

You can also give your views via a parent or a staff member, you can record a video, write a text, use a phone app or write a handwritten note. Whatever is best for you (speak to staff about how to store electronic information safely).
